Pedigree For:

Chip.

Chip is such a clown! He and his “twin” brother Dale are both gorgeous fawns with no white markings
If you’re old like me, you might remember the cartoon The Rescue Rangers. lol. The fawns always have this dark stripe down their backs and look like little chipmunks to me when they are little. lol. Anyway….. I’ve started calling these 2 clowns Chip and Dale as they romp through the house.
